Direct Expenditure Refunds

Departments may receive checks/payments that are reimbursements of direct expenditures, often resulting from the return of merchandise or recovery of an overpayment to a vendor. These checks/payments are called expenditure refunds. Expenditure refunds should be deposited to the same fund/org and expenditure account code that was charged for the original transaction, unless the expenditure refund is for a prior fiscal year transaction on a non-sponsored fund, or the expenditure was charged to a sponsored fund. Expenditure refunds for a prior year fiscal year transaction on a non-sponsored fund must be charged to org 713007, account code 09184. Expenditure refunds for sponsored funds must be sent to the Office of Sponsored Programs, Attn: Beth Ives, MSN 4C6, to ensure proper accounting to the sponsor.

Cash Receipts for deposits of non-sponsored expenditure refunds must include documentation to justify treatment as an expenditure refund rather than revenue. The Cash Receipt form, additional documentation, and check/payment must be provided to the Cashier’s Office. See below for detailed guidance regarding deposits of non-sponsored expenditure refunds. Additional guidance related to preparing a Cash Receipt form can be found in the Cash Transactions Manual available on the Fiscal Services website at http://fiscal.gmu.edu/resources-and-procedures/.

Please note: Cash Receipt forms are not provided by Fiscal Services. Departments may order Cash Receipt forms through The Supply Room Companies punch-out catalog in eVA. Directions for ordering Cash Receipt forms may be found at https://cashiersoffice.gmu.edu/cash-receipts/.
